Referred to Committee on Natural Resources and Transportation.

1     **AN ACT to amend** 289.645 (3) of the statutes; **relating to:** increasing the  
2             recycling fee imposed on the disposal of solid waste, the program of financial  
3             assistance for local recycling programs, and making an appropriation.

---

### *Analysis by the Legislative Reference Bureau*

Current law imposes a recycling fee of \$3 per ton on solid waste, other than certain kinds of high-volume industrial waste, disposed of at a landfill or other waste disposal facility. This type of fee is often called a tipping fee. The recycling fee is deposited into the recycling fund.

This bill increases the recycling fee to \$10 per ton. The bill also increases funding for the program that provides financial assistance to local governmental units that operate recycling programs.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
